

## WINTERS, FORMER MONTGOMERY MAN IS UNDER ARREST IN ARIZ

### Deputy Internal Revenue Collector is Well in Dothan Where He Formerly Resided

Montgomery, Ala., July 13.—E. N. Winters, formerly a deputy collector of internal revenue with headquarters in this city, is under arrest in Bisbee, Ariz., on an alleged charge of embezzlement, according to information given out here yesterday afternoon. Mr. Winters was indicted yesterday afternoon. Mr. Winters was indicted by the recent Federal grand jury, and is reported to have surrendered himself to Federal officials in Bisbee yesterday morning.

According to the information obtainable yesterday, Mr. Winters is alleged to have collected certain moneys while acting as deputy collector of internal revenue, and failed to make proper return therefor to the government. He left Montgomery last April, at which time no charges had been filed nor suggested against him, it is stated. It is understood he went to old Mexico to accept employment, but returned to American soil when he heard of the charges made here and surrendered himself.

Upon notification by the District attorney at Bisbee, Ariz., a copy of the indictment here will be forwarded to that place, and on the showing of this indictment a formal order of removal of Mr. Winters from Bisbee to Montgomery will be made and Federal officers will bring him back for trial at the coming session of the Federal court.

### HISTORIC FRIGATE SOLD

Washington, July 12.—Another of the navy's historic old wooden men-of-war passed to the junk heap today when the department authorized the sale of the frigate Portsmouth to John F. Burke of Brighton, Mass. for \$4,689.

### T. R. Goes to 'Frisco

New York, July 13.—Theodore Roosevelt left tonight for a three weeks' trip to the Pacific coast. At San Francisco on July 21 he will be the principal speaker at a Roosevelt day celebration planned by the exposition.

## BECKER'S LAWYERS WAGING DESPERATE FIGHT

Left to Right: John McIntyre, Charles Becker and Bourke Cockran.

New York, July 12.—The attorneys of Charles Becker, condemned police lieutenant are working desperately to stave off his execution in the week beginning July 26. Bourke Cockran made a special trip to Washington to lay the case before the U. S. Supreme Court Justice Hughes, while John F. McIntyre is preparing papers in proceedings to be brought in the name of Mrs. Becker.

The activity of the lawyers has led to rumor of a secret defense fund and talk of hidden influences backing Becker's attempt to gain freedom. Mr. McIntyre said that such talk is nonsense as Becker and his wife have spent every cent of their fortune and Mrs. Becker has been compelled to teach school in order to earn a living.

### W. H. Brewer With Dothan Jewelry Co.

Mr. W. H. Brewer, formerly with Davis & Freeman, jewelers of Atlanta, Ga., is now connected with the Dothan Jewelry Company. Mr. Brewer has a number of years experience in the jewelry line, having been associated with the largest firm in the south.

The Dothan Jewelry Company believes in the best, therefore when they want help they go after the best in this line, as well as in buying jewelry. Mr. Brewer is also an optician.

Mr. and Mrs. Brewer will no doubt receive a cordial welcome in Dothan.

### GERMANY WILL NOT MAKE A COMPLAINT

Washington, July 12.—Taking over of the Sayville wireless station by the United States will draw no complaint from Germany. As a result of litigation with the Marconi Company, it is declared the German ambassador had considered requesting the American government to take charge.

In station since the outbreak of the war of apparatus forbidden under neutrality laws, is recognized by German officials as a just ground for the seizure. It is pointed out that American control makes the plant safe from interference from private sources.

### Trawler Battered.

London, July 13.—The Grimby trawler Fleetwood reached her port today battered by a German submarine. One of the crew was killed and several were injured.

The submarine, without warning, fired nine shells at the trawler, according to the crew.

## MINORS MUST NOT PLAY IN POOL ROOMS

That the law seeking to prevent pool room operators from allowing minors to play pool in such establishments will be strictly enforced, was the declaration made today by Sheriff John A. May.

Sheriff May said that David Carmichael, who operates a pool room in Dixie, has been placed under arrest on a charge of allowing minors to play pool in that parlor.

Fred Blakely, negro, who runs a pool room on North St. Andrews street, has been arrested on a similar charge, while his assistant, Walter Daniels was placed in the county jail charged with a similar offense.

### Dies From Injuries.

London, O., July 13.—Roy Plymell, 22 years old, died tonight from injuries received here today when he was struck behind the ear by a batted baseball.

### Special Judge Named.

Indianapolis, Ind., July 13.—Judge William H. Eichhorn of Bluffton, Ind., was selected today to sit as special judge in the trial of Mayor Joseph E. Bell, Thomas Taggart and more than 100 others charged with election irregularities.

The defendant took a change of venue from Judge James A. Collins of the criminal court.

### Sam C. Spicer, Jr., Convicted Again

Mobile, Ala., July 12.—News from Andalusia, Ala., near here, to the effect that a jury on Saturday returned a verdict of guilty for the second time in the case of Sam C. Spicer, Jr., charged with killing his wife a short time after, it alleged, he procured an insurance policy on her life. He is also charged with killing a negro whom he says killed his wife. Spicer was convicted two years ago for the crime and the Supreme Court reversed his case.

### EPIDEMIC OF BLINDNESS THREATENS TUSCALOOSA

Tuscaloosa, Ala., July 12.—A condition demanding immediate and drastic action to prevent an epidemic of blindness was found by Dr. R. A. Herring of the United States Public Health Department, in his investigation of the Tuscaloosa schools, according to his report which was given out by Health Officer Durrett yesterday.

Numerous cases of the disease were found in all the schools and more suspected cases. The percentage of those infected was especially high among the younger children. To check the spread of the disease, Dr. Herring recommended that all children affected be excluded from the schools and that immediate steps be taken to inform the public as to the methods of preventing its spread.

The investigation carried on here was watched by physicians all over the country, and the large number of cases found was viewed with alarm. The city of Tuscaloosa is thoroughly alarmed.

## WASHINGTON HOPES FOR ABATEMENT OF FAMINE CONDITIONS IN MEXICO

### Woodmen of World Initiate Tonight

A large class of applicants will be initiated into the mysteries of Lodge 131, Woodmen of the World, at a meeting to be held in the lodge rooms tonight at 8 o'clock.

It is understood that the official lodge goat will be ridden until he drops with fatigue, or something awful happens to him, as new members, taking their degrees, are very hard on the goat. If the membership keeps increasing it is feared that a new goat will have to be bought.

No fears are entertained on account of a possible shortage in goats, as it is reported the goat crop is plentiful this year. Again the goat is an American animal, and should an embargo on the shipment of such animals from Europe to this country be declared because of the war, there will be but little inconvenience.

Much has been written of the "ghost walk," but they do say that the local Woodmen of the World have a goat that walks in his sleep, and that on such occasions he is at his worst.

Of course the officers and members of the lodge won't talk about this goat business, and there really may be nothing to it, but outsiders have observed that an applicant after taking the degree, looks this part: "They got my goat." Still they all seem to like it just the same, and smile away their experiences, while the outsider is left in the dark. He misses all the fun.

Visiting sovereigns are invited to the meeting tonight.

### APPEAL MADE FOR SUFFERING HUMANITY

Washington, July 12.—Loss of many lives as the result of unprecedented floods in the provinces of Kwang-Tung and Kwang-Si, China, was announced today in a dispatch to the State Department from Consul General Chesire at Canton. The consul general's message said:

"Unprecedented floods. Great distress among the Chinese among the interior of Kwang-Tung and Kwang-Si. Many lives lost. Ruined flooded two or three feet. There is a total cessation of trade and railroad traffic. Contributions to suffering humanity urgently needed at once."

Over the situation. The Y. M. C. A. authorities have prohibited anyone bathing in the pool who does not first furnish a certificate from the City Health Officer, stating they are not affected by the disease.

### ONE TRYING HARD FOR ONLY ONE

Mr. Winters' Soothing Syrup  
A guaranteed remedy for  
cough, croup, and whooping  
cough.

Washington, July 12.—Brief dispatches reached the State Department from Mexico City, dated before the occupation of the capital by Carranza forces, describing food conditions as almost intolerable, but officials believed the situation either had been relieved already by the change of authority or would be remedied as soon as transportation with Vera Cruz was resumed.

State Department officials, when asked today whether the occupation of Mexico City by Carranza would affect the question of recognition, declared no definite consideration had been given the subject. The United States will watch carefully the attitude and policy of the Carranza authorities in Mexico City, but there will be no decision, it is believed, for some time as to any change in policy on account of the pressing nature of the situation.

Heretofore, possession of Mexico City has not been regarded as of much importance by officials because of the frequent changes in authority, but there are now indications that if Carranza can better his position by further acquisition of territory north of the capital and the reopening of communication with the American border, his chances of obtaining the moral support of the United States will improve materially.

### Wicksburg Notes

Miss Eunice Williams of Andover who has been visiting Miss Norma Adams has returned home. Miss Bada Powers of Selma is visiting the family of Rev. T. D. Wright.

Misses Edna Smith and Clyde Lammeter of Montgomery are visiting Miss Annie Henderson.

Miss Willie Adams spent the week end with her sister, at Troy. Miss Marie Harris has returned home, after a pleasant visit to Bloomb.

Members G. L. Brannon, Lowery Adams and Misses Willie and Norma Adams, Eunice Williams and Minnie Lou Thomas spent one day last week at Miss Spring making the trip on a car.

Mrs. J. W. Harris and daughter left Monday afternoon for a few weeks visit to Birmingham, Troy and other places.

Mr. and Mrs. J. H. Pippin entertained at a watermelon eating last Friday night. About 50 young people were present and all report a delightful time.

Mr. Fred Clements, who plays for the baseball team at Troy, spent the week end at home. He left Monday morning, and played against Eufaula Monday afternoon.

Mr. and Mrs. J. H. Pippin and Misses Norma Adams, Willie Williams went to Troy last Monday to see the ball game between Montgomery and Troy.

Miss Cullen has returned from a visit to Birmingham, and is expected to be here soon.

Genuine Pleasure and satisfaction goes with every garment we make.

THE FIT  
THE STYLE  
THE FEELING.

And last but not most important of all the wearing qualities are there.

Have you Sacred Harped yet?

The Bull Moose party seems to be all bull.

Bryan seen his duty and resigned from it.

If your sin don't find you out your kin will.

A bird in the hand is worth two in a bush to the game hog.

Germany, Austria, Hungary, the great triumvirate.

Mr. Bryan is prophet and loss to the Democratic party.

Oddfellow: that one not wearing a Palm Beach suit.

The bear that walks like a man can also run like the wicked when no man pursueth.

Germany just won't let Uncle Sam's neutrality stay on straight.

Heavy, heavy hangs the legislation over the head of the M. A. and the B. N.

They are grooming Hugh Dorsey for Governor of Georgia, but there is no use, Frank will be out before Dorsey can get in.

Maybe the reason so few people accept salvation is because it's free and they do not think it is worth anything.

The modern man with the hoe is either digging fish bait or stopping the neighbors chickens out of his garden.

Failing to consult friend Grier The Eagle missed its dog day prediction by twenty days. How many know which is the first dog day?

The summer is passing and the horses would have already passed had the poor animals depended on down town drinking fountains for their water.

There are some folks who never take a vacation yet they seem to have no more than those who do.

If we were a boy and had a lot of money we'd buy an entire week with nothing but swimming holes in it, and a big swimming patch lying close by.

Barber and O. D. were here to-

lation of election laws, the recent conviction of a number of public officials at Terre Haute for election frauds, and the present condition of the city of Nashville, Tenn., whose affairs are alleged to have been so mishandled by its officials that a receivership for the municipal corporation may be necessary, are enough to make voters everywhere do a lot of good, hard thinking. It is a remarkable thing that a great many voters are ready to wink at vote buying, the voting of dead men and imaginary men, and the other well known methods of winning elections illegally, and are ready to excuse politicians who do those things, and even are slow to ask for the prosecution of public officials who are guilty of misdeeds in office.

Even if the men indicted in Indiana should be shown to be not guilty there are plenty of incidents of corruption in political campaigns and among public officials to impress upon every voter the necessity of being as nearly sure as he can of the uprightness and ability of every candidate before he votes for him. Many men will vote for a candidate when they practically are sure he is unfit for the office he seeks, and yet the same voters will raise a rumpus if they suspect their butcher is weighing his thumb along with the meat he sells them or a berry huckster is using a quart measure with a false bottom in it, although it is far more important to them to be sure that public officials are strictly honest than that butchers and hucksters are not guilty of petty cheating.

Too many men are able to find a distinction between private honesty and political honesty. They apparently fail to understand that if there is any distinction between them the latter should be more jealously guarded, for a dishonest man in public office, unless he is very thoroughly hedged about with honest men and a complete system of checks upon his doings, has far more opportunity to do harm than the dishonest man in private life. It is every voter's business to demand strict honesty among men in office and also that they be elected to office by strictly honest methods.

There would be little need for reform waves in politics if every voter would set out to reform himself, frown upon any method of selecting candidates and electing officials that was not above board and proper and demand that the public funds be handled as carefully as those of depositors in banks. Arrests of officials and politicians by wholesale cause a great stir for a time but speedily are forgotten and then suddenly there is need for another "clean-up day" among them. Political reform will never amount to very much, will never be permanent, until voter reform is accomplished. Real reform has to begin at the bottom, with the voter.

We should like to see the church bells reinstalled here. If we are not sadly mistaken there is only one white church in Dothan that has a bell and rings it for all services. Why were the bells ever discarded? There could be no more beautiful custom than the ringing of the church bells on Sabbath mornings calling the people of all classes and creeds after a week's toil, up to the house of the Lord for worship.

States Public Health Service has for some time been investigating and studying this much dreaded disease in an effort to find a cure or better, a preventive.

Dr. Joseph Goldberger, surgeon in charge of these pellagra investigations, says: "On taking up the study of pellagra one of the first and most insistent questions that confronted us was that of its communicability. We have been led to conclude, says Dr. Goldberger that pellagra is not a communicable (neither infectious nor contagious) disease, but it is essentially of dietary origin; that it is dependent on some yet undetermined fault in a diet in which the animal or leguminous vegetable component is disproportionately small, and the nonleguminous vegetable component disproportionately large; and that no pellagra develops in those who consume a mixed, well balanced, and varied diet."

That pellagra is not a communicable disease will be good news, for many people including some doctors, were afraid that it was.

Dr. Goldberger says concerning treatment of this disease: "The experience of reliable observers has over and over again shown that we have no specific medicinal treatment for pellagra. At the same time, we find that even the earliest students of the disease make mention of the value of nutritious food." The nourishing foods that are recommended, and if necessary tubed, are fresh milk, eggs, fresh lean meat, beans and peas (fresh or dried, not canned).

The prevention and eradication of pellagra will depend essentially on the substitution of a mixed, well balanced, varied diet for the restricted, one-sided diet that the individual will be found to have consumed prior to the development of symptoms. Perhaps the most important change in the diet that we would urge is that which relates to the animal and leguminous protein component. An increased consumption of fresh (lean) meat, of fresh milk, of eggs, or of the legumes (beans and peas, fresh or dried, not canned) and preferably of all these, is considered essential to give proper balance and to prevent the "fault" in the diet.

To have a good, rich, mixed, well balanced, and varied diet "on the family table" is one thing; to eat it is quite another. The former is perhaps greatly to be desired, but the latter alone, we believe, will prevent pellagra.

"Ever notice how much better you like the fellow who flatters you than the fellow who criticizes you?" remarks The Dothan Eagle. That is purely human. But did you also know that we profit more and grow faster by legitimate criticism than we do by soft flattery? Just remember that if we are not criticized, it is not because we do not deserve it. ## Poole Holds Waycross, Ga., Team With No Hits

The first no hit and no run game in the flag league this season was pitched at Baker Field yesterday by Hip Poole, twirler for the Dothan team, whose balls crossed the plate, figuratively speaking, with a streak of smoke in their wake, and whose curves were baffling, even to the Mighty Ham, whose bat has brought sorrow to the opposing team on many occasions.

It is an old, old saying that where there is smoke there must be fire, but in the baseball category it is equally true that where there is speed there must be control. Poole had both yesterday, from the time the umpire called "play ball," until the last man was called out, and the Waycross aggregation, with the burden of their defeat resting heavily upon them, hit the trail cityward.

With his balls breaking just as he and Ollie Attridge wanted them to break, and his curves taking the right jump at the right time, the good-humored Dothan pitcher held the heavy Waycross batters at his mercy, for Waycross, it must be remembered has some terrific swatters, and a mighty good ball club. Ham Reynolds knew what he was doing when he got his team together. For further reference see the league standing.

But yesterday Ham reckoned without his hosts and gave up one of the most thrilling games of the season. In such an exhibition as was furnished yesterday, Ham and his bunch are entitled to a share of glory, for it was a ball game in every sense of the word, a

game in which the spectators stood thrilled, and relaxing a bit, only had to wait for the next one.

Except in the first, third and eighth innings, Waycross failed in getting a man as far as first base, although this seems a very short distance from home plate. In the first inning after two were out, Gandy got a walk, but he forgot about Ollie Attridge's arm being well, evidently, and attempted to steal second, finding that Monday was not "giving day," and Ollie would not be charitable. In the works of the Hip Hollow correspondent, "he flung the pill to second, and got Gandy trying to steal."

Gloom settled over the Dothan camp in the third when Barber flew out to first, Caldwell walked, Vaiden sacrificed, and Poole attempted to get Caldwell at second, throwing wild. Everybody safe! Poole struck out Riggins, who was attempting the squeeze play, and Attridge threw to Heck who tagged Caldwell at third.

Even the elements, it would seem, were with Dothan. In the fifth Barber hit what might have been a home run to deep center, but the ball fell in Reidy's waiting hands.

For that old ball game Dothan fans will have to thank Ollie Attridge, Hip Poole and Perry Burrows, particularly, although the entire team played good ball. Attridge got a walk, and went to second on Poole's sacrifice. Then Shortstop Burrows, the fastest in the league, singled to right, scoring Attridge who ran like his

life depended upon it.

Vaiden for Waycross, pitched an exceptionally good game, and under ordinary circumstances would have won, he giving up only four hits.

Poole struck out ten men. The game was fast. Time: 1 hour and 20 minutes.

Box score:

## HIS SPECIALTY.

"You seemed to be enjoying your chat with the knife grinder."  
"Well, he made some pointed remarks."  
**IT WAS A LOVELY SUNDAY**

Which Was the Simple Explanation of Why Mr. Wobbits Did Not Make His Train.

Stimville's polite agent leaned against a Bangitt unbreakable trunk (adv.) and regarded expressionlessly the gentleman who was waiting for a train. For two hours and thirteen minutes by his cheap but dependable Beerbury watch (adv.) he had been expressionlessly regarding the same gentleman as he paced impatiently and every now and then looked either at his pocket timetable or his gold Elbanger timepiece (adv.).

Finally Waughaver Wobbits (for such was the impatient gentleman's name) strode over to the polite station agent. Yes, it was the famous facetious Waughaver Wobbits, whose killing remarks had been the life of so many dinner parties.

"My man," said Wobbits in his best manner, "is this a railroad station or a perpetually endowed waiting room?"

"It's a railroad station, sir," answered the polite station agent.

"Well, then, do the trains run on tracks or speculation?" demanded Wobbits.

"On tracks, sir," replied the polite station agent.

"Well, then, how is it that I've been waiting here ever since two o'clock for the 2:13 train, and it's now 4:15, and no train yet. Take a look at this timetable and at this watch, please, and tell me why?"

The polite station agent looked as requested and then said softly, "Because that's a weekday timetable, sir."

It was a lovely Sunday.—Indianapolis Star.

## SOUR GRAPES

Mauds—Jack proposed to me yesterday while we were automobiling. Grace—Poor fellow! He is just learning to run his father's car, and probably didn't know what he was driving at.

## Valdosta Wins Game 5 To 1

Valdosta, Ga., July 12.—Pearson received poor support and Valdosta had no trouble in winning the game today 5 to 1. The hits were even.

Score: R H E  
Orphanus . . . 5 6 3  
Valdosta . . . 1 8 5  
Batteries: Pearson and Sheppard; Sloan and Taylor.  
Umpire LaRoque.

## Georgia State League

## The Standing.

Waycross	15	5	722
Valdosta	12	5	706
Dothan	12	7	632
Thomasville	7	10	412
Gainesville	5	12	294
Brunswick	4	11	222

## Yesterday's Results.

Dothan 1, Waycross 0.  
Gainesville 5, Brunswick 4.  
Valdosta 5, Thomasville 1.

## Today's Games.

Gainesville at Brunswick.  
Waycross at Dothan.  
Valdosta at Thomasville.

## CARD OF THANKS.

We wish to express our sincere thanks to the neighbors and friends for their many deeds of kindness and sympathy shown through the sickness and death of our brother.

## Compare Camels

with any cigarette at any price! You get the flavor of the delightful blend of choice Turkish and choice Domestic tobacco. It's more pleasing than either kind smoked straight.

## Camel Cigarettes

Turkish and Domestic Blend

are smooth and fragrant. They won't bite your tongue and won't parch your throat and leave no unpleasant cigarette after-taste.

Camels sell 20 for 10c. Owing to the cost of the choice tobacco blended in Camels, do not look for premiums or coupons.

If you desire extra smooth and pure for a taste of the finest tobacco, try a pack of Camels. You will find them more pleasing than either kind smoked straight.

## NOVEL USE FOR TELEPHONE

**Surgeons Employ Instrument to Detect  
the Exact Location  
of Bullets.**

War is a stimulus to science, and this is reflected very strikingly in matters pertaining to the relief of the wounded. The search for and extraction of fragments of shells is no simple matter, although surgical endeavor has been facilitated by the perfection of the X-rays. But these are insufficient. A bullet may be located speedily, but the difficulty is to ascertain its precise position by the probe and lancet. As a result of study and investigation a simple and effective method of discovery has been perfected, which may be described as telephoning for bullets. Ordinary telephonic receivers are clamped over the surgeon's head, one wire being led to a carbon plate and the second wound round the knife, probe, needle, forceps or whatever instrument is used. With this implement the search is made, and directly it comes into contact with, say, a bullet, a distinct click is heard on the telephone. If the instrument is rubbed across the surface of the buried object a rattle is observed, and by following this clue it is possible to withdraw the bullet in fragment of metal. The idea is by no means new, inasmuch as it was employed for the first time during the Boer war; but the present campaign has served to bring it to a high state of perfection.

## CAT!

"How do you like my hat?"  
"I like it very much, I always did like that hat."

## GUIDE TO JAPAN.

Walk up five months, beginning with January, turn sharply to your right, and there is June.

June is noted for its roses and honeymoon. There are more devoted households in June, on account of getting brides, than at any other time. Also more households where husbands experience a grand feeling of relief and papa hopes that now expenses can be cut down.

To enjoy June properly, take no early start. Begin to make your plans about it in March. Get rid of your moral courage, your character and your regular business. Then, spending all the money there is in the cash drawer, enter June with confidence and give yourself up to it with the complete serenity of house-lady responsibility—Life.

## PERMANENT CHANGE.

"What are your ideas of the best form of government?"  
"I replied the restless agitator; 'a question of what kind of government we're after. It's merely getting rid of the one at present in vogue.'"

## FORWARD SITUATION.

"Two dollars I will forfeit!"  
"You a genuine seethey?"  
"You ought to know that I am."

## HE WONDERS.

"There is one class of employed men exposed to strain."

# How, and Why, —the GOODRICH "Fair-List" Propaganda now saves Car-Owners, yearly, over \$25,000,000 on Tires

THERE are 1,923,951 Automobiles now State-licensed, and running, in the United States. Of these, 1,803,951 are Pleasure Cars—i.e., exclusive of Trucks, etc.

More than 90% of them, or about 1,623,555, use Pneumatic Tires.

Each car will wear out and replace, on average, about one Set of Four Tires per year.

Therefore, the interests of each Car-Owner as well as each Car-Manufacturer, each Car-Dealer, and Salesman, is vitally and personally affected by the price of Tires to Consumers.

Because, Tires and Gasoline are the two big items of consumption in the operation of Motor Cars.

The Owner who used his Car 1,000 Miles less per year, than he would have done, because of "the high-price of Tires and Gasoline," received that much less return from his entire investment in the Car proper.

The potential, or prospective, Car-Owner who fails to buy a Car because of "the high cost of Tires and Gasoline,"—he who sells his Car and does not buy again because of "the high cost of Tires and Gasoline"—or he who, for the same reason, stores his Car and does not run it during a considerable part of the year, is a direct loss to

1st—Automobile Manufacturers, as a class.

2d—Automobile Dealers, as a class.

3d—Garage Owners, as a class.

4th—Lubrication & Gasoline Manufacturers, as a class.

But,—he is a greater loss to TIRE Manufacturers, and Dealers, as a class, than to any others.

Because,—

Gasoline and Lubricants, for instance, can be sold to the Owners of Motor Boats, Stationary, and other Motors.

But,—Automobile Tires can only be sold, in the ultimate, to the man who OWNS a Car, and who wears out Tires through using it.

EVERY mile that each Automobile runs, means an automatic sale of Tires to replace that mileage with new Tires.

But, all the Salesmanship, and all the Advertising, under the Sun, could not increase, by a single Tire, the total sales of Tires beyond the number of Cars owned by Consumers, and the number of Miles each Consumer runs his Car yearly.

The Market for Tires is therefore limited inflexibly, to the number of Cars running, and the Mileage which each Owner is induced to run yearly.

Therefore, we opine that to promote greater Sales, and greater use, of Automobiles, few better incentives can be offered than markedly-lowered cost, TO CONSUMERS, for Tires and Gasoline.

Just as we recognize that the only legitimate expansion open to the Tire Industry, as a whole, would be due to the sale of more Automobiles each year to Consumers, with a greater average Mileage USE, per year, of each Car by each Owner.

That is why we favor the lowest possible price for Tires,—to Consumers, consistent with maintenance of high quality and a few profit to Dealer and Mfr.

So this, then, is a leading reason why WE initiated, and propagated, that Goodrich "Fair-List" Movement which we publicly announced in the press on Jan. 31, 1915, and which caused practically every Pneumatic Tire Manufacturer in this Country to follow our lead and bring his prices down to a fairer level.

THIS is also the reason why some Tire Manufacturers, who could not, or would not, "meet" our BASIC prices for Pneumatic Tires (even though our "Fair-List" Propaganda obliged them to make heavy reductions off their former Lists) might erroneously suppose that "Goodrich" Tires have been cheapened in Quality, as well as in price.

Hence this explanation (to the Public, to Car-Manufacturers, Dealers, Car-Salemen, Garages, and Tire Dealers generally) that we deem it "good business" to sell the best Goodrich Tires (of fabric construction) we have ever made, at the fairest price possible for such quality.

Hence, too, the following TEST offer to Consumers.

—We will cheerfully pay for any Goodrich Safety "Non-Skid" Tire, sold since our "Fair-List" price-reduction (announced on January 31, 1915), which when cut open shows any reduction in quality, in number of layers of Canvas, in thickness, or quality of Rubber, when compared with any other Goodrich Safety "Non-Skid" made by us, and sold at our higher prices current before the Goodrich "Fair-List" Movement.

And,—this is further to authorize any Tire-User to extend this Offer (at our expense) to any Tire Dealer, or Manufacturer.

We ask Car-Owners, and Tire Consumers, in their own interest, to see that no "implication" of lowered quality in Goodrich Tires goes unchallenged—just as we have protected their interests, for our own sake, through our "Fair-List" Propaganda.

BECAUSE of that GOODRICH "Fair-List" Propaganda, every Car-Owner who now buys any make of Tire sized 37 x 5, now saves on each set of 4 Tires, an average of about \$46.27.

—Every Car-Owner who uses 34 x 4 Tires, of any make, now saves, through the Goodrich "Fair-List" Propaganda an average of about \$26.15 per Set of 4 Tires.

## Made as always—

—The same reliable Construction.

—The same dependable Service.

—Nothing whatever taken out of materials or Quality, no matter what reductions in List-Price are ever made.

—Every Car-Owner who uses 30 x 3 1/2 Tires, now saves, through the Goodrich "Fair-List" Propaganda, an average of about \$14.70 per Set of 4 Tires.

Other sizes in proportion.

The 1,623,555 State-licensed Car-Owners who use Pneumatic Tires now save about 20% of what they last year paid for ANY make and size, whether they be Goodrich or competing brands,—equal to more than \$25,000,000 per year.

And, don't forget that this giant saving to Car-Owners was never mentioned to the Public by other Tire Manufacturing Concerns until the Goodrich "Fair-List" Propaganda made it imperative that they extend the Saving to Consumers on their Tires, or lose business to the Goodrich Co.

But, notwithstanding all this,—the fact which should loom largest to TIRE-USERS is the contrast of 10% to 40% in prices, that still exists between the low price of the best Non-Skid Tires (of fabric construction) that money can buy, or the largest Rubber Factory in the World produce,—(to wit, GOODRICH Non-Skid Tires) and all others "responsible" Tires in the field.

Compare prices and see!

Then, if you are not already a Goodrich User, do yourself (and us), the justice to buy at least one GOODRICH "Non-Skid" Tire.

Test that out for Quality, Mileage and Resilience against any other Tire, at any price, which you are now using.

The result of such Test will cause you to wonder why you ever paid more for Maximum Quality, Mileage, and Resilience than the Basic price of Goodrich Non-Skid Tires?

THE B. F. GOODRICH CO., Akron, O.

J. C. WALDEN AUTO CO., Dothan, Ala.

## A BIT OF ADVICE.

First—Don't Delay. Second—Don't Experiment.

If you suffer from backache, headaches or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. In such cases the kidneys often need help.

Doan's Kidney Pills are especially prepared for kidney trouble. They are recommended by thousands. Can Dothan residents desire more convincing proof of their effectiveness than the statement of a Dothan citizen who has used them and willingly testifies to their worth?

Mrs. Mary Solomon, Route No. 3, Dothan, says: "I had kidney trouble. The kidney action was irregular and the kidney secretions unnatural. My back hurt me and I was nervous and dizzy. I slept poorly and mornings felt all tired out. Doan's Kidney Pills made me strong and well."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Solomon had. Doan's Kidney Pills, Doan's Kidney Pills, Doan's Kidney Pills.

## WEEDS.

(Commercial Appeal.)

As true as the old-world saying that "every tower has its doves" and the aphorism that "every garden has its weeds."

But it is not the actual weeds that do the greatest harm in the world. There are mental weeds that are a sharper menace to daily life and world wide progress. These mental weeds are slothfulness, inattention, disrespect for rule and authority, selfishness, discourtesy, bad temper, nagging, ill-natured gossip, disregard for the rights and comforts of others.

They make of any mind, no matter of what brilliant caliber it may be, an unproductive tangle and chaos. If there are weeds upon our lawns we grub them up quickly, impatient with their unsightliness. But the weeds in our hearts are too often allowed to grow until they have crowded out the flowers that should make life sweet.

The poisonous weeds of vanity and selfishness choke the blossoms of modesty and humility, and

idleness and gossip leave their stains on the rose of love and the lilies of purity.

Look carefully into your daily life and read on the faces of those about you the record of your own acts. On them fall the shadows of your mental weeds. They are the victims of your temper.

### SOAP IS BAD FOR THE HAIR

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified coconut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified coconut oil at any pharmacy, and a few ounces will supply every member of the family for months.

your careless inattention, your selfish egotism.

Look at your mother; how much of that sad light have you put into her eyes? Look at your father; how many of those gray hairs have come through some mental weed you have flouted before him? And out in the world of business, are you playing the role of the employer or employee, and playing it fair? If not, then look into your mind to see what weed is growing rank where a bright petalled flower should be abundant.

If you are diligent in your search you will find the weed and if you are honest with yourself and the good God who made you, you will dig it up and cast it from you and begin a new life of "sweetness and light."

There can be no real happiness, no clean mentality, no genuine Christianity in a nature where the weeds of bad habits and evil passions drip with the poison that is in their sap.

J. J. Whidden of Sayre is in

### BRYAN ASKS \$500 TO TALK ON PEACE

St. Louis, July 12.—Whether just an ordinary address by William J. Bryan is worth \$500 was the subject of a warm debate at a meeting of the Neutrality League.

The League several weeks ago opened negotiations with Bryan for a talk at its coming peace pageant, and he replied he would talk for \$500 and a guaranteed attendance of 50,000.

The League is willing to guarantee the crowd, but has strenuous objections to paying \$500, unless it can be assured Bryan will dwell emphatically on the necessity for the United States placing

an embargo on the export of munitions.

It was decided to have a committee find out the nature of the address Bryan would make.

CARD OF THANKS.

We want to thank the good people of Dothan for their kindness to us during the illness of our little boy who was run over by an automobile on Friday. We especially want to thank Dr. Howell for his faithfulness.

Mrs. J. C. Dixon.

RUB-MY-TISM

Will cure Rheumatism, Neuralgia, Headaches, Cramps, Cuts, Sprains, Bruises, Corns, Burns, Old Sores, Tetters, Ring Worm, Eczema, etc. Antiseptic Analgesic, used internally or externally. 25c.

## VALUABLE ARM FOR POLICE

Revolver That Discharges Cartridges  
Containing a Suffocating Gas  
Made Use of in France.

Bullet-proof armor and revolvers  
discharging cartridges containing a  
suffocating gas were used by the  
French police in securing a demented  
woman who was firing at everybody  
in sight. These weapons were pro-  
vided for the special police after the  
downfall of the motor bandits. The  
scene of their use was Neuilly. The  
woman had barricaded herself in her  
room and from her window she fired  
upon anyone who passed by.

A force of police, protected by the  
new breastplates and carrying the  
gas-discharging revolvers, went to  
the house. They were received with a  
volley, but on reaching the door of  
her room they fired the gas charges  
through a hole in the woodwork. In  
a few minutes the woman fell uncon-  
scious to the floor and the men were  
able to secure her and take her away  
without the least trouble. It is said  
that, though the gas thus fired causes  
almost immediate unconsciousness, it  
has no unpleasant after-effects.

## HAD TO SHOOT DESERTERS.

One hundred years ago six sol-  
diers of the United States army were  
shot at Plattsburgh, for desertion.  
During the closing months of the  
war of 1812 no little disaffection  
manifested itself among the troops,  
due in large measure, it was said at  
the time, to the unpopularity and in-  
capacity of some of the commanding  
officers. Earlier in the month there  
had occurred what amounted almost  
to a mutiny among the volunteer and  
militia troops encamped at Marcus  
Hook, Pa. The desertions that fol-  
lowed this and similar outbreaks at  
other points became so numerous  
that General Gaines, commanding  
the Fourth military district, directed  
that in future "deserters must be  
shot." The conditions of the times  
and the gravity of the offense were  
believed to justify the harshest mea-  
sures. Nevertheless, the news of the  
shooting of the six deserters at  
Plattsburgh evoked a storm of criti-  
cism from the newspapers of Boston  
and other cities.

## IN DOUBT.

"Is this the beginning of the  
end?" asked the new member in  
church.

"I can't say," replied the deacon;  
"it may only be the end of the begin-  
ning."

## SAFETY FIRST!

Harry—I suppose if I kissed you,  
you would never speak to me again?  
Harriet—Why do you always look  
on the dark side of things?

## GREEN WAS VERDANT.

"Green tells me that he has an au-  
tobile for sale."  
—Don't doubt it. I sold him mine  
the other day."

## HAD A SOFT SNAP.

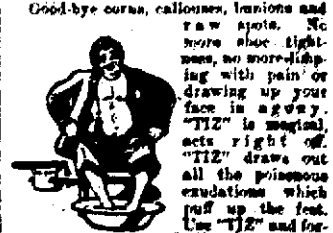

"I suffer from ennui," said the so-  
ciety lady of two seasons.

"And I from dyspepsia," said the  
society woman of many winters.

"I have a conscience," said no one,  
for it wasn't true in the first place.

"TIZ" FOR ACHING,  
SORE, TIRED FEET

Good-bye sore feet, burning feet, swell-  
ing feet, twenty feet, smelling feet, tired  
feet.

Good-bye corns, callouses, bunions and  
raw spots. No  
more shoe tight-  
ness, no more dis-  
tressing with pain or  
drawing up your  
face in agony.  
"TIZ" is magical,  
acts right off.  
"TIZ" draws out  
all the poisonous  
exudations which  
pull up the feet.  
Use "TIZ" and for-  
get your foot  
merry. Ah! how comfortable your feet  
feel. Get a 25 cent box of "TIZ" now at  
any drug or department store. Don't  
suffer. Have good feet, glad feet, feet  
that never swell, never hurt, never get  
tired. A year's foot comfort guaranteed  
or money refunded.

## THE SHOOTING OF LIFE

Certain Periods of Outdoor Recreation  
a Necessity for Healthful  
Existence.

An inquirer, referring to an ar-  
ticle in the Bankers' Magazine rela-  
tive to the health of bankers, is thus  
answered by Doctor Evans, the sci-  
entific hygienist:

"A bank man should have an ex-  
amination once a year to determine  
the condition of the kidneys, ar-  
teries, heart and nerves. He should  
arrange so as to have a daily period  
for exercise in the open air. He can-  
not keep fit except by following a  
plan of maintaining fitness, since  
bank life is one to which the human  
animal does not automatically adjust  
itself."

We are all interested in the bank-  
ers—that they keep in sound health,  
for the general aspect of business  
takes its flavor from their physical  
health. But the remark applies quite  
as well to all our big business men  
whose work is entirely indoors in  
comfortable chairs, where the seden-  
tary and unhealthy life is most at-  
tractive. The human animal cannot  
live its best sorting over notes and  
inspecting ledgers. It needs out-  
doors among the trees and the  
banks of streams where the sunny  
tribe dwells. Get out where the  
smiles of the blue skies awaken the  
kidneys and the nerves to action.—  
Columbus Journal.

## PROOF

"Your friend, the actor, is a won-  
der."

"What makes you think so?"  
"He admits that he isn't."

## SLIPPER "CAME BACK."

Here is a curious little war story  
that was related to me by its "hero."  
He is a British officer who is home  
from the fighting front on a short  
leave, having injured one foot rather  
severely. Meanwhile he is going  
about in "mufti" and is wearing a  
carpet slipper on his injured foot.

The other day while he was trav-  
eling down from Hampstead to  
Wimpey street in a London motor  
bus to see his surgeon, a woman op-  
posite him in the vehicle leaped over  
and inquired how long he had been  
back from France. Considerably sur-  
prised, and wondering if he was con-  
fronted by a seeress or a feminine  
Sherlock Holmes, he explained, and  
then asked how she knew that he was  
a soldier and had been in France.

"It is quite simple, really," smiled  
the fair one. "You see, I made that  
slipper that you are wearing and  
sent it to the front!"

## AN APPROPRIATE NAME.

In a school in a Jewish district of  
the city they were discussing a  
change of name for the school, and  
the tendency of the board of educa-  
tion to use names of illustrious men  
as an inspiration had been com-  
mented on.

A bright little fellow in the front  
seat raised his hand for recognition.  
"I think, Mr. C.," he said, "that we  
ought to call this the Lincoln school.  
There are so many Abrahams in it."

## PLAYING SAFE.

He—I swear my love for you shall  
never grow less.

She—Would you—er—mind  
swearing like that before a notary  
public?

## SOON ENDED.

"We never have prolonged argu-  
ments at our house."

"Lucky man! I presume your wife  
does not argue."

"Oh, yes; but she's so damned  
clever at it."

## SUGAR FROM THE PALM TREE

Shortness of Production From Cane  
May Be Occasion for Rise of  
New Industry.

It will be remembered that the  
sugar beet industry owes a great deal  
to the shortage of cane in Europe  
owing to the supremacy of Britain  
upon the seas during the Napoleonic  
wars.

Now it is the beet sugar the world  
is in danger of becoming short of  
owing to the European war. It was  
quite in order, therefore, to hear  
from Ceylon that:

"A group of business men promi-  
nent in Colombo have organized a  
pioneer company to undertake the  
manufacture and refining of sugar  
produced from the palmyra palm.  
The company is called the Ceylon  
Sugar Refineries, Ltd., and its in-  
tention is to develop the production of  
sugar in Ceylon, which at present  
imports nearly all that it uses from  
Java. The capital of the company is  
\$332,460, divided into 10,000  
shares of \$33.25 each.

"The palmyra palm is one of 16  
varieties of palms growing in Cey-  
lon, from which sugar may be ex-  
tracted. It is rare about Colombo,  
and in the up-country, but is the  
principal palm grown in the northern  
part of the island, especially in the  
neighborhood of Jaffna."

## THE STYLE.

"How do they serve meals from  
that lunch wagon?"  
"I don't know exactly, but I sup-  
pose they serve them a la cart."

## THE ONE EXCEPTION.

"You have no cross to bear," said  
the husband.  
"Only when you are as cross as a  
bear," replied the wife.

## GOOD THING.

"It is a lucky thing Jim's fate  
doesn't hang on a hair."  
"Why lucky?"  
"Because he's bald."

## THE PRECISE LOCALITY.

"When you joined in the fight, I  
suppose you were shot in the very  
vortex?"

"No; in the left leg."

## LOOKED NEW TO HIM.

Randolph—Is that Burton's new  
girl with him?  
Sylvester—Oh, no; that's just one  
of his old ones painted over.—Judge.

## THE WAR GOD.

Dix—By the way, who is, or,  
rather, was, the god of war?  
Dix—I've forgotten the duffer's  
name, but I think it was Ananias.

## THE KIND.

"Did that actor who thinks so  
much of himself get any notices in  
his last engagements?"  
"Oh, yes; two weeks' notices."

ITCHING ECZEMA  
IS DRIED RIGHT  
UP WITH SULPHUR

Use like cold cream to subdue  
irritation and clear  
the skin.

Any breaking out or irritation on the  
face, arms, legs and body when accom-  
panied by itching, or when the skin is  
dry and feverish, can be readily over-  
come by applying a little cold-sulphur,  
says a noted dermatologist.

He informs us that cold-sulphur in-  
stantly allays the angry itching and  
irritation and soothes and heals the  
Eczema right up leaving the skin clear  
and smooth. Cold-sulphur has occupied a  
secure position for many years in  
the treatment of cutaneous disorders be-  
cause of its parasite-destroying prop-  
erty. Nothing has ever been found to  
take its place in treating the irritable  
and inflammatory skin affections. While  
it never fails to subdue the itching irri-  
tation and drive the Eczema away and  
it is often years later before any erup-  
tion again appears.

Those troubled should obtain from any  
druggist an ounce of cold-sulphur, which  
is applied to the affected parts in the  
same manner as an ordinary cold cream.  
It isn't unpleasant and the prompt relief  
afforded, particularly in itching Eczema,  
gives it very welcome.
